As a fresher software engineer, my primary career goal is to leverage my technical skills and knowledge to contribute effectively to a dynamic and collaborative work environment. I aim to gain hands-on experience in software development, enhance my proficiency in cutting-edge technologies, and continually expand my understanding of industry best practices. Ultimately, my goal is to evolve into a versatile and skilled software professional, making meaningful contributions to innovative projects while fostering personal and professional growth.

Experience

Internship of Power Platform at Tata Consultancy Services

January 2024 - Present

- Engaged in TCS internship focusing on Microsoft Power Platform.
- Actively honing skills in Power Apps, SharePoint, and Power Automate.
- Participated in structured training sessions, enhancing proficiency in Power Platform technologies.
- Thrived in a dynamic and supportive team environment, gaining practical industry knowledge and skills.

Internship of React Developer at Izonnet Web Solution Pvt. Ltd

August 2023

- I have hands-on experience in implementing React concepts through multiple projects, showcasing understanding of the framework's functionalities and best practices.
- I designed and developed a responsive personal portfolio website using React, demonstrating adeptness in UI/UX design principles and modern web development techniques.
- I ensured the scalability and maintainability of the codebase by adhering to modular and reusable component structures.
- I optimized the website's performance through efficient state management and the integration of performance-enhancing libraries.

Internship of Frontend Developer at IBM Skillsbuild

February - April 2023

- Developed responsive web designs, I excel in delivering exceptional user experiences across a variety of screen sizes and resolutions, ensuring accessibility and ease of use.
- Fostering a comprehensive understanding of HTML, CSS, and JavaScript, I adeptly leverage these core skills to craft interactive and user-friendly web applications, prioritizing intuitive interfaces and seamless functionality.
- I took charge of the "Cafe Bar" website development, overseeing the entire design process and ensuring a unified and visually engaging layout that enhanced the overall user experience, fostering heightened engagement and customer satisfaction.

Placement Coordinator at GEC, Gandhinagar

June 2023 - March 2024

- Provided resources for facilitating student career advancement.
- Offered empathetic counseling and guidance to address academic and personal issues.
- Utilized standardized assessments to analyze students' skills, interests, and attributes.
- Collaborated with companies to foster valuable industry connections.
- Overcame personal inhibitions by enhancing communication skills with unfamiliar individuals.
